"THE MILITANT SOUL"

Was the Subject of the Lecture Skillfully Handled By Rev. R. L. Bonn At Central Presbyterian Church Last Night.

As nature attracts the heart of the naturalist and music stirs the soul of the musician, so a crowd bent upon culture gathers 'round the learned and beloved pastor of the Central Presbyterian church from time to time to hear his lectures which deal with present day problems or are interpretation of the great life thoughts of the Master's; principles and standards to establish which, the very life was given.

The lecture last night was founded upon "The Princess," and was Tennyson's solution as well as the speaker's of the present day question of "Woman's Rights."

The next lecture announced was, "The Majesty of a Pure Soul," illustrated by Browning's "Pippa Passes."

DR. FRED MUTCHLER TO SPEAK.

Dr. Fred Mutchler, who is president of the Farmers' Educational and Co-operative Union of Kentucky, with a membership of 40,000, will speak at Germantown Saturday at 3 p. m., and at Orangeburg at 7 p. m. Dr. Mutchler is one of the most practical agricultural authorities in the United States and is a very entertaining speaker. The subject of his talks will probably be "Co-operative Selling of Farm Crops," and kindred subjects if time permits.

MISS MAXON RESIGNS AS ASSISTANT SUPERINTENDENT AT THE CITY MISSION.

It comes with great regret to many of the news that Miss Margaret Maxon, assistant superintendent of the City Mission, has resigned her position, and will leave the first of the month for her home in Cincinnati. During her brief stay in this city Miss Maxon has made quite a number of friends who will be quite sorry to see her go.

JIM ALLEN'S VIEW.

A California belle writes the chief of police of Maysville to find her a husband, 60 or 65 years old, good natured and pleasant, with enough of this world's good to support two. She says she was "borned" in Kentucky. Why, bless her old heart, a man of that kind in Maysville would have been gobbled up long ago. There ain't no such animal out of captivity.—Cynthiana Democrat.

ROSEATE VIEW

PICTURED FOR THE PEOPLE OF MAYSVILLE BY MAYOR LEE WHEN THE WORK STARTS ON DAM NO. 33.

Says That Thousands of Dollars Will Go Into the Pockets of Maysville People—Will Be a Boon To Maysville Merchants.

Mayor J. Wesley Lee has just returned from Cincinnati, where he went to attend the meeting for the receiving and opening of bids for the construction of Dam No. 33, which will be built just above this city.

Mayor Lee said that about 75 people were present at the meeting in Cincinnati, among them being Colonel Seibert, who will have charge of the construction of the dam. The Maysville delegation was composed of Mayor Lee and Messrs. Hamlett C. Sharp and Edward C. Bryant. The meeting was held in the office of Colonel Henry Jervey, who is in charge of Cincinnati District No. 1, Corps of Engineers.

As the contract will be awarded before March 1, it is thought that the work will commence the latter part of March or the first of April.

Mayor Lee is very enthusiastic about the dam and says that it is going to be a great thing for Maysville, not only after it is completed, but during the progress of the work.

When interviewed by a Ledger reporter yesterday, he said that the more he thought about the matter, the better it looked to him. He said that quite a few people had said to him, "What does the building of this dam mean to Maysville?" In order that every one might know what it really means, he gave a few facts and statements. He said:

"It means that from 400 to 500 people will be employed in the construction of the dam and these, in the main, will be local people. Every man who wants employment will be able to get it, as only the skilled labor will come from abroad, and even at that Maysville contractors will get some of the work if they can give the right price."

"It means that thousands and thousands of feet of concrete, stone, lumber and pilings will be used and can be sold through Maysville firms as well as anyone else. We have the material and should be able to compete with any one anywhere else."

"It means a boon to the Maysville merchants and business men, as these people who are employed must have food and clothing and the other necessities of life. From 15 to 20 of the inspectors, contractors, surveyors, etc., will make this city their temporary residence for three years, and will move their families to this city, thus filling up every vacant house in the city."

"It means the putting into circulation of an enormous amount of money and there is no reason why this city should not get a very large share of it. If the people are wide awake and alert they will reap the benefit."

Mayor Lee also said that he understood that between the dam and the mouth of Cabin creek there was a fine prospect for a stone quarry, and that it was quite probable that it would not be necessary to have any stone shipped from foreign points.

The company which receives the contract for the building of the dam will have four years in which to complete the work, but it may be finished in less time if river conditions are favorable. In good weather three shifts of men will be employed constantly, each shift working eight hours.

After the dam is completed a beautiful park will be laid out, which will be a blessing to the people of this vicinity. The park will be filled with beautiful shrubbery and trees and at night will be brilliantly lighted with electric lights.

This dam will be about three miles distant from the Maysville wharfbank, and as Captain C. M. Pfister has been one of the chief boosters of the great plan to canalize the Ohio river, it will now be a source of congratulation to him to see the work started in sight—at long distance—of his wharfbank and ferry boat.

It is thought by some that there is probability that the Street Car Company will some time extend their line on up to the dam when it is completed.

It is now up to the people of Maysville to make the dam a blessing and a source of revenue for this city. Be for Maysville first, last and for all time. What helps Maysville helps you.

County Judge W. H. Rice was sick yesterday and was unable to be at his office. Squire Fred W. Bauer acted as county judge in his absence.

EPWORTH LEAGUE SOCIAL.

The Epworth League of the Third Street M. E. church will entertain with a "No Name Line" social this evening from 7:30 until 10 o'clock. After taking a trip on the "No Name Line," refreshments will be served, after which a fine program of music, solos and male quartettes will be given. A sprightly number of the League's Loquacious Literary Ledger will be read. You will want to hear what it has to say this month. Everybody is invited and will be made welcome.

CHRISTIAN BIBLE SCHOOL.

The three departments of the Christian Bible school will meet in the main room on next Sunday. There will be a special part taken by each department, the primary before and the junior after the lesson study. The class of Miss Anna McDougle will recite their memory chapter. A large attendance of the school is expected.

SERIOUSLY ILL AT CARLISLE.

Mrs. J. C. Kenney of Maysville, who was removed to the home of her daughter, Mrs. Samuel McCann, in this city, is critically ill and her death is expected at any time. Her husband, seven children, a sister, brother, niece and grandson are at her bedside.—Carlisle Mercury.

A New Interest in the White Sale

You can come to this sale every day and each time discover something new. Never has Maysville had so attractive a collection of lingerie at such modest prices. As for quantities you can judge them by two items alone. The sale opened with thirty dozen corset covers at one price, 25c, and fifty dozen night-gowns at one price, \$1. Besides many dozen gowns and corset covers at other prices. It may sound incredible but it is true. Also, in spite of an unusually generous stock for the opening of the sale, rush orders were necessary to fill depleted ranks before the sale was four days old. These facts are as important as prices in telling you the value the sale presents.

MILLIONS LOST.

There is a leak in the newspapers of the country through which \$5,000,000 in publicity trickled within the last year.

Discussing the free advertising which newspapers permit each year, a prominent publisher recently said:

"By press agent we mean the representative of a large corporation who is paid to keep that corporation or its product before the public through the columns of newspapers without paying for the space.

"It is a conservative estimate that at least \$5,000,000 worth of valuable space has been given away unwittingly by the newspapers of the country in the last year, through the machinations of these men.

"Now, a newspaper has just two commodities for sale; one is its circulation and the other its advertising space. If a man has anything to offer to the public he should be compelled to buy advertising space in which to tell about it, yet dozens of corporations and merchants—I have in mind a half dozen of the wealthiest and most prominent concerns in the United States—buy no advertising, but employ men who are continually putting things over on the newspapers and keeping their goods before the public constantly.

"If advertising space is worth anything, it is worth all that is asked for it, and everything that is advertised for sale should pay for the advertisement, whether it is food, clothing, theater seats or automobile accessories."

If you are in favor of abolishing the commercial press agent, stop printing his copy if you have not already done so.—Publisher's Auxiliary.

SOME FUNNY ANSWERS.

There were some funny answers given to questions in a teachers' examination in a neighboring county. One of the requirements in history was a description of the "Battle of Quebec." Among many other equally unimportant things said by one would be teacher was that "this victory was one of the most victorious victories in the United States." Another, in telling of the results of the "Boston Massacre," said that there were 50 widows and 850 orphans left. (That makes 17 orphans to each widow.) In describing the circulation of the blood, one candidate traced it up along the backbone where it emptied into the "Buena Vista." In language one of the requirements was an essay of 150 words on any subject. One young lady gave a brief history of her life up to the time of writing, and her great desire to get a certificate and ended by saying, "If I fail to get a certificate this time I am going to keep on trying until I do get one, so help me God."—Exchange.

LUCKY ALL RIGHT IF HE'S NOT A REFORMER.

The astrologer who cast a horoscope of the new White House grandchild says the stars indicate the young fellow is a "born reformer." If the stand-patters have the situation guessed correctly, this country will be just about ready for its next whirl with political reformers by the time the Sayre boy reaches his majority.

Probably the stand-patters have misread their stars; they often do. At any rate, it is not likely the state of the country will have become so perfected 21 years hence that the "born reformer" of 1915 will find himself without an occupation.

EXPOSITION OF FOLLY.

Many persons of the present day deplore the fact that the columns of the newspapers contain so many stories of vice and crime. Bishop Horne, however, seemed to feel that such expositions serve a useful purpose. He wrote: "The follies, vices and consequent miseries of multitudes, displayed in a newspaper, are so many admonitions and warnings, so many beacons continually burning, to turn others from the rocks on which they have been shipwrecked."—Wilmington Journal.

WAR ON THE GROUND BUNNY.

Twenty million one hundred and fifty thousand ground squirrels have been exterminated in California. This is a result of the campaign against bubonic plague which has been waged since 1909. The campaign has been under the charge of the United States Public Health Service in co-operation with the California State Board of Health. The squirrels have been reduced 90 per cent over an area of 3,100,000 acres.

STANDING BY THE HORSE.

"No horse for sale at any price for war purposes," is the reply of Nebraska farmers to agents buying for warring nations. There is always a tender feeling for a man who loves a horse, and when a man refuses to sell his horse to go to death, that man challenges our admiration.—Richmond Pantagraph.

A history of the organized labor movement in Michigan is to be compiled by the labor unions of that state.

The United Brotherhood of Carpenters and Joiners of America has decided to maintain its own printing plant.

A recent investigation shows that thousands of girl workers in Missouri are paid a wage of less than \$5 a week.

California trade unionists are working for an anti-injunction law, modeled after the Massachusetts statute.

The Fall River Loomfixers' Association, the largest union of its craft, has succeeded from the United Textile Workers.

Organized workers in England will demand full remuneration, compensation and pension for soldiers and sailors, with adequate provision for their wives and dependents.

Chicago has 398,000 wage earners, who are paid an average daily wage of \$1.61, according to a report made by the industrial department of the Chicago Association of Commerce.

The Federation of Trade Unions of Holland has addressed an appeal to the central labor bodies throughout the world, asking for financial assistance in behalf of the Belgian sufferers.

Members of the Chicago Building Trades Council have adopted an agreement which calls for the arbitration of all disputes between employers and employees and provides that no strikes shall be called within the next three years.

With a view to reducing the high cost of living the railroad employees living in Green Bay, Wis., have formed a co-operative company to purchase a 500-acre farm. The plan is to sell the products of the farm to the members of the society at the cost of production.

BOSTON TERRIER SHOW IN LOS ANGELES.

Los Angeles, Cal., January 29.—Dozens of prize-winning dogs, constituting the best exhibition of its kind ever seen here, were placed on exhibition today at the opening of the annual bench show of the Pacific Coast Terrier Club. Judging began this morning and will be continued until the show closes tomorrow night.

BRIDES WILL FAVOR THIS.

Columbus, O.—The Senate Judiciary committee will recommend for passage Senator Archer's bill providing brides-elect need not go to probate court with the groom to obtain a license. Senator Pink attacked the measure, saying it lets down the bars the law now puts up to protect marriage.

SUES FOR MULE KICK.

Whitesburg, Ky.—Taking of evidence in the John M. Pratt \$1,000 damage suit against the Consolidation Coal Company is in progress in Circuit court. Pratt was employed in the mines of McRoberts and claims he was kicked by a vicious mule.

AFTER MANY MEDICINES FAILED

Mr. Singletary Says Vinol Ended His Suffering from an Awful Cough and Threatened Lung Trouble.

Sumter, S. C.—"I am an oculist and for several years I suffered with an awful cough and lung trouble, so that at times I was scarcely able to go about on account of my condition. I had tried almost every medicine recommended for such troubles, without help, and finally a friend advised me to try Vinol. Before I had taken one-half bottle I could see an improvement. I have now taken six bottles and my cough is not only gone but my general health is lots better."—J. W. SINGLETARY, Sumter, S. C.

It is the combined action of the medicinal elements found in cod livers together with the blood-making and strength-creating properties of tonic iron, that makes Vinol so efficient for chronic coughs, colds and bronchitis, at the same time building up the weakened, run-down system.

We ask everyone in this vicinity who is troubled with a chronic cough, cold or bronchitis to try a bottle of Vinol, with the understanding that your money will be returned if it does not benefit. John G. Moor, Druggist, Maysville, Ky. and at all drug stores everywhere.

MEETING OF BAPTIST EDUCATORS

Nashville, Tenn., January 29.—Baptist college presidents, theologians, heads of education boards and pastors and editors assembled here in force today for the annual meeting of the Southern Baptist Education Association. The purpose of the association is to arouse and unify the Southern Baptist sentiment and conviction on the subject of denominational education and to bring the schools of the church up to the highest standard of efficiency. The present convention, during its three days' sessions, will discuss Baptist educational efficiency, education and the religious life, ministerial education and the work of the junior college.

NEW YORK TO HAVE CHARITY BALL.

New York, January 29.—Elaborate preparations are being made for the annual Charity Ball, which is to be given next Tuesday night at the Waldorf-Astoria. As in previous years, the proceeds will be devoted to the New York Nursery and Child's Hospital. This ball, first given in 1850, is the oldest of its kind in the city, and notwithstanding the heavy demands made upon the charity inclined this winter for the relief of the war sufferers and the poor at home, the advance sale of tickets shows that society is still giving the ball generous patronage.

SPEEDY SKATERS CONTEST FOR TITLES.

Cleveland, O., January 29.—Speedy skaters from many parts of the country appeared here today at the opening of the annual tournament for the amateur championship of the United States. The program of contests will extend over two days. The title will go to the skater making the greatest number of points in the various races scheduled, 30 points being credited for a victory, 20 for taking second place and 10 for winning third.

A DAILY LESSON IN HISTORY

One Hundred Years Ago Today.

1815—Business depression prevailed throughout the United States, following the three years' war with Great Britain. Yet such were the resources of the country, that it almost immediately entered on a career of unexampled prosperity.

Seventy-five Years Ago Today.

1849—Captain Hobson, the first Governor, landed in New Zealand.

Fifty Years Ago Today.

1865—Isaac Funk, known as "the great Illinois farmer," died at Bloomington, Ill., aged 67 years. Mr. Funk went to Illinois a poor man, but by industry and perseverance accumulated a large fortune, owning 40,000 acres of choice farm land, and at the time of his death paying a tax upon nearly \$2,000,000.

Twenty-five Years Ago Today.

1890—The United States formally recognized the Republic of Brazil.

Night riders again broke loose near the Kentucky and Tennessee line. They have sent notices to merchants to reduce the price of flour \$2 per barrel.

MRS. ROCKEFELLER CRITICALLY ILL.

New York, January 29.—In the castle at Pocantico, Mrs. John D. Rockefeller, attended by kindred and physicians, is undergoing the slow, though painless decline that attends malignant anemia.

Mrs. Rockefeller was 75 years old last September. She has been in failing health for several years. The fact of the announcement, as well as the known subtlety of the disease, gave emphasis to rumors that Mrs. Rockefeller is seriously ill. Today the physicians hold out little or no hope for her recovery, although there is said to be no cause for immediate alarm.

Few wives of great men are so little known to the general public as is Mrs. Rockefeller. In all the thousand and one tales that have been written about the oil king, it is a significant fact that there have been no pictures of his wife. Several years ago, in deference to the wishes of some of the younger members of her family, Mrs. Rockefeller consented to have a photograph taken—the first in nearly 50 years.

Mrs. Rockefeller was Laura Celestia Spelman, daughter of a Cleveland merchant, H. B. Spelman, whose deeply religious habits have been perpetuated in the life of his daughter and her children.

Fifty years ago, John D. Rockefeller, long before he had conceived the possibility of a Standard Oil Company, or dreamed of the immense riches that were to be his, and Miss Spelman were classmates and sweethearts. Their marriage was a romance, a love affair, and has remained the same ever since.

Mrs. Rockefeller's most remarkable trait has been her domesticity. Although she has been mistress of half a dozen residences, she has always counted Cleveland her home, and has never been so happy as when there.

Before her marriage, Mrs. Rockefeller belonged to the Plymouth Congregational church, but in order to be of the same denomination as her husband, she joined the Euclid Avenue Baptist church in Cleveland.

Mrs. Rockefeller has been known to have only one fad. She is very fond of driving. The automobile has never come within her list of pleasure vehicles. She loves the horse, and whenever her health has permitted she has taken long daily drives in the vicinity of her home.

Mr. and Mrs. Rockefeller have had four children. One of these, the son, John D., Jr., is almost as well known as his father, and apparently inherits many of his characteristics. The other three are daughters. To the rearing of her children Mrs. Rockefeller devoted her life, and no appeal of society ever sufficed to win her away from them.

CARNATION DAY IN WASHINGTON.

Washington, January 29.—"Carnation day," which has become established by custom as a day for honoring the memory of William McKinley on the anniversary of his birth, was generally observed in the national capital today. Virtually the entire membership of the Senate and House, together with many others prominent in public life, appeared at the Capitol or on the streets wearing the favorite flower of the late President.

BRILLIANT CAREER

For Jonett Shouse, Former Lexington Man—May Outshine Jerry Simpson of Sockless Statesman Fame.

A Washington special to the Topeka (Kas.) Daily State Journal says the Democrats expect that the Hon. Jonett Shouse, elected to Congress last November from the Seventh district of Kansas, soon will become one of the leaders of his party in the House. The special follows:

Washington, January 29.—If Jonett Shouse, Democratic Congressman-elect from the old Jerry Simpson district in Kansas, succeeds in living up to specifications, he will be one of the most interesting figures that will adorn the halls of Congress during the next session.

"The new Kansas member literally took the Sunflower state by storm when he was persuaded reluctantly to jump into the political game two years ago. He is an orator, and he is a crusader, and when he comes to take his seat in Congress it is expected that he may outshine his distinguished predecessor of sockless fame.

"Mr. Shouse was born in Lexington, Ky., and entered the freshman class of the University of Missouri at 14. It is not surprising that the boy who could do that should be a Congressman at 34. And looking over his record from the time he 'struck' Kansas, on November 18, 1911, and was 'warned' that a Democrat has no future in the Seventh district' to the present time one must conclude that it would take a great deal to furnish a real surprise in his career."

SCRAPS FROM EVERYWHERE.

The ancient Mexicans began their year on February 23.

Leland Stanford, Jr., University has 1,773 enrolled students.

The total value of American farm products in 1914 was almost \$10,000,000.

The most of the world's supply of lead is produced in Great Britain, Spain and the United States.

Liege was an important center of the iron manufacturing industry as early as the sixteenth century.

MOTOR BOAT SHOW READY TO OPEN.

New York, January 29.—Madison Square Garden has been tastefully decorated and filled with attractive exhibits in readiness for the opening there tomorrow of the 1915 New York National Motor Boat Show. The show will continue through the coming week. The exhibits of boats and motors will show a wonderful advance in construction and design over those shown at any previous exhibition.

LINES WORTH REMEMBERING.

As long as war is regarded as wicked it will always have its fascinations; when it is looked upon as vulgar, it will cease to be popular.—Oscar Wilde.

The state of Ohio will have to pay about \$200,000 as its half of the cost of the foot and mouth epidemic.

HOW WOMEN AVOID OPERATIONS

By Taking Lydia E. Pinkham's Vegetable Compound.

Cleveland, Ohio.—"My left side pained me so for several years that I expected to have to undergo an operation, but the first bottle I took of Lydia E. Pinkham's Vegetable Compound relieved me of the pains in my side and I continued its use until I became regular and free from pains. I had asked several doctors if there was anything I could take to help me and they said there was nothing that they knew of. I am thankful for such a good medicine and will always give it the highest praise."

—Mrs. C. H. GUERRITZ, 1568 Constant St., Cleveland, Ohio.

Hanover, Pa.—"I suffered from female trouble and the pains were so bad at times that I could not sit down. The doctor advised a severe operation but my husband got me Lydia E. Pinkham's Vegetable Compound and I experienced great relief in a short time. Now I feel like a new person and can do a hard day's work and not mind it. What joy and happiness it is to be well once more. I am always ready and willing to speak a good word for the Compound."

—Mrs. ADA WILK, 302 Walnut St., Hanover, Pa.

If there are any complications you do not understand write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

MIND RESTORED

By Fall After 37 Years of Mental Eclipse—Wonderful Restoration.

(Ripley Bee.)

Thirty-seven years ago Mr. Robert Thompson, a well known Ripley citizen, was stricken with an affection of the mind and for all these years has been an inmate of a state institution. However, Providence sometimes works in strange ways. About two weeks ago Mr. Thompson suffered a stroke of paralysis and fell, striking his head against some object, rupturing a blood vessel and releasing a clot of blood on the brain. When he recovered consciousness his clouded mind was perfectly clear and has continued so.

Several of his old friends and relatives have called to see him at the hospital in Dayton, and he has recognized and talked with them in a rational manner.

He is a brother of T. M. Thompson, the well known stove and tin man, and will be remembered by many of our citizens, who hope to meet him again.

GETS 26 YEARS BACK PAY

Ohio Farmhand Awarded \$16,167 By Court—Employer Admits Debt.

Canton, O.—George F. Brown, who has been employed on a farm near Massillon for a quarter of a century by Frank F. Yingling, was awarded \$16,167 by Judge Ake, this sum representing wages unpaid since 1889 and interest. Brown worked for years with collecting money, the two men living by themselves on a farm near here.

Yingling made no defense, admitting the money was due Brown.

Former President Taft, in an address at the University of Virginia, urged closer contact between the President and Congress, and praised Wilson for reading his own messages.

A shortage of 76,000 tons in food supplies needed for the destitute Belgians must be made up in the next three months, according to the American Relief Commission.

Southern growers have been warned by the Department of Agriculture that an unusually large stock of potatoes is being held that their spring crops will have to compete with.

Governor Manning has asked the South Carolina Legislature to investigate the removal of the records of Governor Blease's administration from the capitol.

FRICION

BETWEEN THE KAISER AND TWO OF HIS SONS—EMPEROR THE WHOLE PUSH OR NOTHING IN THE FATHERLAND.

Attempt Made To Assassinate King George of Greece—Turkish Army Advancing.

Neutral travelers, just returned from Germany, state that a bitter conflict between the Kaiser and two of his sons, the Crown Prince and Prince August Wilhelm, is being openly discussed in Berlin, though necessarily nothing about the matter has appeared in the officially controlled press.

Took a Shot At King.

Amsterdam, January 28.—A telegram from Constantinople says that according to travelers arriving from Cede-ratch, an attempt was recently made at Patras to assassinate the King of Greece. A revolver was fired at the king, but he was not hit.

Capital of Montenegro Bombarded.

Cetinje, January 28.—This city, the capital of Montenegro, was bombarded by an Austrian aeroplane today. The aviator dropped six bombs, killing three women and injuring ten other civilians.

Watch and Wait.

London, January 28.—One of the big surprises of the war is the brilliant showing of the Turkish army under the regenerating influence of German officers. News of the swift advance of the Turks against the Suez canal has now focused wide attention upon the exploits of the Turkish troops.

THE PRESIDENT VETOES IMMIGRATION BILL.

Washington, January 28.—Declaring that he vetoed the immigration bill with the greatest regret, President Wilson today returned the measure to the House of Representatives without his signature. He sent to Congress a message outlining his views on the bill and giving his specific reasons for opposing his judgment to that of a majority of both the Houses of Congress, a step which he declares "no man who recognizes his own liability to error can not take without great hesitation."

MEETING OF THE WOMAN'S CLUB

There will be a called meeting of the Woman's Club tomorrow, Saturday, afternoon at 2:30 o'clock.

Mr. Andrew M. January is able to be at the Farmers & Planters warehouse after being housed up for some time by illness.

SIX THOUSAND PER

And Riding On the Water Wagon—Higginsport Ball Player Also Wealthy Farmer.

Harry Sallee was over from Higginsport Thursday. Talking of his farm he purchased in Lewis township, he stated that he had been fixing up the buildings and completely rebuilt the fences. He is making ready to go to Marlin, Texas, with the St. Louis Nationals for the spring training. He holds a two-year contract with the team and while he did not state, it is understood that he will pull down something like \$6,000 annually.

While he did not say, the report is that he contemplates purchasing another farm in that neighborhood, which means that when his baseball career is over he will still be a resident of Brown county.—Georgetown (O.) News-Democrat.

SUFFRAGE BILL REPORTED.

Austin, Texas.—An equal suffrage bill was reported favorably to the Lower House of the Legislature.

DEPARTMENT OF JUSTICE

May Decide Whether or Not Bowdell's Speech Is Mailable.

Washington.—The inquiry addressed to the Postoffice Department by Mrs. Antoinette Funk, of the National Woman Suffrage Association, raising the question of whether or not the speech made by Representative Bowdell of Cincinnati, recently, was mailable on account of its extremely unconventional treatment of tabooed subjects, has been referred to the Department of Justice for inquiry. Representative Taylor of Colorado, a suffragette state, has written a letter to the Suffrage Association denying that he congratulated Bowdell on his speech, and calling it "a disgusting performance."

Eight Progressives have been elected to the Louisiana Legislature, breaking the solid Democratic ranks for the first time in 25 years.

MRS. JOHN BURWELL BEAUTIFULLY ENTERTAINED THE WINSOME CLASS.

The Winsome class of the First M. E. church, South, enjoyed a very delightful evening, Tuesday, at the home of Mrs. John Burwell of East Second street. Misses Bessie Wells and Sallie Milton Hall presided as hostesses. One of the most enjoyable features of the evening was a "nomenclature contest," a very witty and original game, which afforded the participants continual amusement. Later, a very delicious luncheon was served.

Among those present were Misses Susie Armstrong, Thelma Kirk, Pattie Quintance, Minerva Stockton, Esther Quintance, Minerva Stockton, Hilda Threlkeld, Julia Muse, Elizabeth D. Quintance, Esther Ort, Katherine Goodwin, Dorothy Hockaday, Lucy Gordon Quintance, Sallie Bryant, Angelica Watson, Carrie Goodwin, Ada Duzan, Julia Newton Watson, Sallie Milton Hall, Bessie Wells, Mrs. C. Ed. Geisel and Mrs. John Burwell.
